Imię _____

A diagram of a hexagonal lattice structure. It features a central hexagon formed by dashed lines. This central hexagon is surrounded by a larger hexagon formed by solid lines. The space between the two hexagons is filled with a pattern of solid lines that form a honeycomb-like structure. The overall shape is a large hexagon with a smaller hexagon inside it, and the space between them is filled with a pattern of solid lines.

1.  Cut out carefully with a sharp knife or scissors, using the | marks as guides
2.  Fold along the dotted lines, making sure the  hatched areas are hidden or face down
3.  Optionally, fix it with glue
