A vertical map figure template. It features a checkered pattern at the top and bottom. The top section contains a small icon of a person. The central area is a large rectangle with dashed lines, indicating it is to be cut out. A small icon of a pair of scissors is located on the right side of the bottom checkered section.

A diagram of a hexagonal lattice. It features a central hexagon formed by dashed lines. This central hexagon is surrounded by a larger hexagon formed by solid lines. The space between the two hexagons is divided into six trapezoidal regions by solid lines. The entire structure is set against a background of a larger hexagonal lattice, with solid lines forming the outer boundary and dashed lines forming the inner boundary.

1.  Cut out carefully with a sharp knife or scissors, using the marks as guides
2.  Fold along the dotted lines, making sure the hatched areas are hidden or face down
3.  Optionally, fix it with glue
