WYRD TECHNIQUES

WYRD TECHNIQUE

- ☐ **Augment Duration**
Extend the duration of a spell, without increase in spell level or casting time.
- ☐ **Augment Precision**
Reroll a spell's attack roll.
- ☐ **Ignore Environment**
Always succeed at concentration checks.
- ☐ **Increase Caster Level**
Increase caster level for the next spell by up to half your Wyrddcaster level.
- ☐ **Speed Casting**
Cast one spell using a metamagic feat, without increasing its casting time.

DRAWBACK

Concentration check to keep the spell active:
DC = 20 + spell level + augmented spell level

For a number of rounds equal to the spell level, reduce AC by the spell level.

For a number of rounds equal to the spell level, provoke attacks of opportunity when casting any spell.

For a number of rounds equal to the spell level, provoke attacks of opportunity when casting any spell.

For a number of rounds equal to the spell level, all spells take additional time as if cast with the metamagic feat.

- Nivel **4** ☐ **Drain Arcane Reserve**
Drain points from your Arcane Health to take your hit points back to zero.

Cannot use again for 1 hour.

ARCANE HEALTH

- Nivel 3 Arcane Health Points = Nivel de Conjurador x Wyldcaster Level

Sacrifice a spell slot to gain temporary hit points. These points can only be used to absorb spell damage. They disappear when you rest or fall below 0 hit points.

Arcane Health Pool

ARCANE LUCK

- Nível 6 Insight Bonus = Nível de Conjuro

Sacrifice a spell slot to gain an insight bonus to one saving throw or skill check.
May only be used once per round.

- Nivel
9 Apply your Arcane Luck ability after the roll has been made.
