UMBRAL DE FALLO DE CONJURO ARCANO

%

The figure consists of three horizontal bar charts, each representing a different scenario. Each chart has a y-axis labeled 'CARGAS' and a legend with a '#' symbol. The x-axis represents different cargo types, each represented by a 3x3 grid of squares. The first chart shows a distribution where the first type is the most frequent. The second chart shows a more even distribution. The third chart shows a distribution where the last type is the most frequent.

Use the eidolon's physical ability scores, base attack bonus, armour and natural armour bonuses, and modifiers to ability scores. Gain access to the eidolon's special abilities and evolutions, and add its hit points to your own as temporary hit points.

FUSED LINK

1 As a free action, sacrifice your own hit points to prevent damage that would reduce eidolon's hit points to zero.

MAKER'S JUMP
