INITIATIVE

MAP FIGURE

The net consists of a central rectangle with four flaps. The top flap is shaded with a checkered pattern and contains a pencil icon. The bottom flap is also shaded with a checkered pattern and contains a scissors icon. The flaps are marked with dashed lines for cutting and solid lines for gluing.

**INITIATIVE
MARKER**

Name _____

The template features a light gray and white checkered border. The top section has a solid black header with the text "INITIATIVE MARKER" in white, bold, sans-serif font. Below the header is a large white rectangular area with a dashed black border, intended for writing. A small black icon of a pencil is positioned at the top right of this area. The bottom right corner of the template has a small black icon of a pair of scissors, indicating where to cut. The entire template is surrounded by a thick black border with small white squares at the corners, suggesting it is a page from a book or binder.

A diagram of a honeycomb lattice. It shows a central hexagonal unit cell outlined by a dashed line. The vertices of this unit cell are connected to other vertices by solid lines, forming a continuous network. The diagram illustrates the periodic arrangement of atoms in a two-dimensional crystal lattice.

1.  Cut out carefully with a sharp knife or scissors, using the | marks as guides
2.  Fold along the dotted lines, making sure the  hatched areas are hidden or face down
3.  Optionally, fix it with glue
